**Dear Jean Guy,**

**I deeply appreciate all you have done to enable me to participate in the 135th celebration of Osteopathy. You have provided a variety of delicious dinners and the transportation to get to there. I must say they were vastly superior to the dinner of the Hotel OMNI!**

**I think this recent edition of PRECISEMENT OSTEOPATHIE was very good and I believe it will have a greater appreciation with its bilingual nature. Is there a means whereby could be made available to the profession overseas?**

**If I do some work on the lecture on the premature babies, condense it, intensify its content would this be of interest to you in the future? I do not promise it for the immediate future but it might be possible by 2010. Once my ambulation improves I hope to be able to get to it.**

**But my many thanks and appreciation for all you contribute to this profession and personally to me.**

**Very Sincerely,**

***Viola***
